

Technical drawing of a bolt and nut assembly. The bolt is labeled 5/8-24UNEF-2A and the nut is labeled 7/16-28UNEF-2A. The drawing shows the bolt with a hexagonal head and a threaded shank, and the nut with a hexagonal shape and a threaded section. A dimension line indicates a length of 17.00 [.670] for the bolt head and upper shank section.
